TREKKING

A long Arduous Journey on Foot

Trek is a long, adventurous journey undertaken on foot in areas where common means of transport are generally not available. Trekking should not be confused with mountaineering. Trekking is one of the famous adventure sports. Trekking tours in Chandigarh can be undertaken all the year round; traditionally popular period for trekking in Chandigarh is September to March. For trekking enthusiast there are limitless possibilities in Chandigarh too. The department of Forest & Wildlife has developed trek routes in the Sukhna Wildlife Sanctuary and in the City Forest area.
